The Tazi™ Ergonomic Multi-Sport Drink *or* Mist Hydration Bottle

- **PATENTED ERGONOMIC and AERO-DYNAMICALLY ANGLED DESIGNED** for comfort and SAFETY for those involved in walking, running, cycling, skating or any activity where hydration is desired. Enables full eye contact with the path/road while hydrating.
- **THE BENEFITS FROM DRINKING FROM THE Tazi™ 20 OZ. HYDRATION BOTTLE:**
 - Prevents the dreaded "Head Tilt" when drinking
 - Comfortable grip
 - Lays in vertical or horizontal position without spilling
- **INTENDED USE and DESIGN** is for adults, young adults, all children, and the sports enthusiast.
- **PATENTED CLOSURE SYSTEM WITH NO LEAKAGE**
- **MAINTAINS NEAR PERFECT VERTICAL POSITIONING** while hanging from various health/Fitness equipment for easy access (Integrated cap/clip sold separately).
- **DRINK OR MIST!** To drink – squeeze the bottle and/or SIP as required. To mist – shake bottle lightly and squeeze bottle in the vertical position. The misting feature also helps conserve water and cools the body quickly.
- **ALLOWS FOR MAXIMUM FILL** with virtually all types of water fountains, even those with low water pressure.
- **ERGONOMIC NECK DESIGN & LARGE WIDE-MOUTH CIRCUMFERENCE** opening for easy/hassle free insertion of water/ice from home use refrigerator dispensers.
- **DISHWASHER SAFE** - Angled to not interfere with upper rack jet propeller sprays
- **FITS ALL BICYCLE BOTTLE CAGES** - Optimal design for side-release, rear mounted saddle, Tazi™ reverse profile (sold separately) and all other standard bike cages.
- **BOTTLE MATERIAL** - LPDE (Low Density Polyethylene) high-grade plastic.
- **FDA APPROVED PLASTIC** - 70 grams plastic grade (industry standard approximately 55 grams) and Recycle #4 plastic.
- **Proudly Made in the U.S.A.!**

Product Information:

UPC: 6 95581 00100 5

Master Carton: 24 pieces (2 inners x 12 pieces each)

Master Carton Weight: 7 lbs.

Suggested Retail Price: \$9.99

Product Dimensions (approximate):

Product: 3.44" D x 2.94" W x 8.31" H
